Exploring Mental Health in the WorkCover Setting

and

Menopause and Mental Health Outcomes

When work affects mental health, or menopause changes how a patient feels and functions, the path forward isn't always clear. Join Sunshine Clinic Private Hospital for a GP education evening exploring two highly requested topics.

Dr Rajiv Siotia and Dr Alexandra Waxmann will cover:

- Exploring mental health in the WorkCover setting
- Recognising what may be overlooked during menopause and making sense of overlapping symptoms
- When to seek specialist input and how shared care can help

Come away with expect clinical reflections, practical insights and approaches to take into your next consultation.
